

ICEC'06 Conference Schedule

Sunday August 13				
	Victoria	Hampstead	Foyer	Dip Pool Bar or DJ Purdy's
8:45-10:45	"Mobile Commerce: Designing Novel Interaction Techniques for Mobile Technology" Tutorial - Irina Kondratova, Jo Lumsden and Murray Crease	Workshop on "Service Oriented Techniques"		
10:45-11:00			coffee break provided	
10:55-12:30	"Mobile" Tutorial continues	Workshop continues		
12:30-1:30			Lunch – not provided	
1:30-3:00	"Agent-Based Supply Chain Management" Tutorial - Mihaela Ulieru	Workshop continues		
3:00-3:20			coffee break provided	
3:20-4:30	"Agent" Tutorial continues	Workshop continues		
4:30-6:30			Registration	Reception
6:30-7:40	Service Oriented Architecture: (Semantic) Web Services, (Business) Process Modeling, Software Engineering - Yuhong Yan, Harold Boley, Bruce Spencer			
7:40-8:00			break-not provided	
8:00-9:30	Tutorial continues			

Monday, August 14

	Ballrooms A&B	Ballroom C	Ballroom D	Governor's Room
8:00-8:45	Breakfast			
8:45-10:10	Welcoming remarks Dr. Andrew Reddick, National Research Council Canada Keynote address Dr. Norman Sadeh, Carnegie Mellon University			
10:10-10:40	Coffee Break			
10:40-12:00		Session 1: Natural Language and Information Extraction (Semantic Web Track) <i>Chair: Yuhong Yan</i> 129 - An Extensible Text Extraction Tool for Learning Objects - Martin Dames, Yevgen Biletskiy 122 - From HTML Documents to Web Tables and Rules - Kai Simon, Georg Lausen, Harold Boley 24 - Choreography of Web Services based on Natural Language Storybooks - Kurt Englmeier, Javier Pereira, Josiane Mothe,	Session 2: Privacy and e-Identifiers (Privacy, Security and Trust Track) <i>Chair: Jingwei Huang</i> 34 - An Analysis of P3P-Enabled Web Sites among Top-20 Search Results - Serge Egelman, Lorrie Faith Cranor, Abdur Chowdhury 44 - Privacy Intrusion Detection Using Dynamic Bayesian Networks - Xiangdong An, Dawn Jutla, Nick Cercone 74 - Identification in Electronic Networks: Effectiveness, Efficiency, and Characteristics of e-Identifiers - Kayvan M. Lavassani, Bahar Movahedi, Vinod Kumar	Session 3: Automated Negotiation and Decision Making (Multiagent Systems Track) <i>Chair: Harrison McKnight</i> 75 - A Decentralized Model for Multi-attribute Negotiations - Guoming Lai, Katia Sycara, Laurens Debo, Cuihong Li 95 - Detecting Opponent Concessions in Multi-Issue Automated Negotiation - Scott Buffett, Luc Comeau, Bruce Spencer, Michael W. Fleming 103 - Passive Verification of the Strategyproofness of Mechanisms in Open Environments - Laura Kang, David Parkes
12:00-1:30	Lunch, Keynote address Dr. Steve Marsh, National Research Council Canada			
1:30-2:50		Session 4: Mobile Issues in Business Models (Mobile and Pervasive Track) <i>Chair: Carleen Maitland</i> 58 - Enabling intelligent B-to-B eCommerce supply chain management using RFID and the EPC Network: A case study in the retail industry - Samuel Fosso Wamba, Louis A, Lefebvre, Élisabeth Lefebvre 92 - A Pervasive Comparison Shopping Business Model for Integrating Offline and Online Marketplace - Kyoung Jun Lee, Young Hwan Seo 137 - Towards Flexible Mobile Payment via Mediator-based Service Model - Charles Chong, Hui-Na Chua, Cheng Suan Lee	Session 5: E-Government Services and Organization (E-government, Policy and Law Track) <i>Chair: David Parkes</i> 20 - E-Campus—Design and implementation of college and faculty digital office system - Li Hongxin, Ma Gang, Jiang Ming, Cui Lili 35 - Governance of Shared Service Centers in Public Administration - Rene Wagenaar 142 - A Study on Success Factors of Logistics IT Companies - Nam Kyu Park, Gye Eui Song, Hyung Rim Choi, Chang Sup Lee, Chan Woo Kim, Joong Jo Shin	Session 6: Online Trust (Privacy, Security and Trust Track) <i>Chair: Jo Lumsden</i> 16 - Trusting Advice from Other Buyers in E-Marketplaces: The Problem of Unfair Ratings - Jie Zhang, Robin Cohen 47 - Perspectives of Online Trust and Similar Constructs - A Conceptual Clarification-Sonja Grabner, Ewald A. Kaluscha, Marliese Fladnitzer 128 - Model and Method for Evaluating Creditability of C2C Electronic Trade - Lifang Peng, Zhong Chen, Qi Li
2:50-3:15	Coffee Break			

Monday, August 14 (continued)

<p>3:15-5:00</p>		<p>Session 7: Managing Supply Chains (B2B Track) <i>Chair: Markus Schmees</i></p> <p>121 - A Framework for Managing Optimization Models for Supply Chain Software Agents - Jae Kyu Lee, Yong Sik Chang</p> <p>15 - Electronic Commerce and the Strategic Management of Deep-sea Container Shipping Companies: An Exploratory Survey Analysis - Eladio Penaloza, Mary Brooks, Sunny Marche</p>	<p>Session 8: E-Shopping Decision Support and Trust (B2C Track) <i>Chair: Serge Egelman</i></p> <p>5 - Adaptive Decision Support System (ADSS) for B2C E-Commerce - Faisal Al-Qaed, Alistair Sutcliffe</p> <p>23 - Designing Recommender Systems for E-Commerce: An Integration Approach -Thomas Tran</p> <p>57 - How Does Personality Affect Trust in B2C e-Commerce? - Joanna Lumsden, Lisa MacKay</p> <p>90 - Distrust and Trust in B2C E-Commerce: Do They Differ? - D. Harrison McKnight, Vivek Choudhury</p>	<p>Session 9: Auctioning and Allocation Mechanisms (Multiagent Systems Track) <i>Chair: Michael Fleming</i></p> <p>62 - Capacity Allocation with Competitive Retailers - Masabumi Furuhashi, Dongmo Zhang</p> <p>49 - Practical Secrecy-Preserving, Verifiably Correct and Trustworthy Auctions - D. C. Parkes, M. O. Rabin, S. M. Shieber, C. A. Thorpe</p> <p>83 - Sequential versus simultaneous auctions: A case study - Shaheen Fatima</p> <p>89 - Adaptive Mechanism Design: A Metalearning Approach - David Pardoe, Peter Stone, Maytal Saar-Tsechansky, Kerem Tomak</p>
		<p>Short paper session I: <i>Chair: Burke Ward</i></p> <p>36 - Barriers and Solutions to the Development of Online Advertising in China - Bao Xin Ren, Ding Li Ying</p> <p>39 - IOS standards in the insurance branch network: Impact on market dynamics in The Netherlands - Alea Fairchild</p> <p>48 - A Review of Electronic Signatures Regulations: Do They Facilitate or Impede International Electronic Commerce? – Minyan Wang</p> <p>50 - E-Commerce Today and Tomorrow: A Truly Generalized and Active Framework for the Definition of Electronic Commerce -Yewsiang Poong, Khaliq-UI Zaman, Mohammad Talha</p> <p>53 - Web Based Information For Product Ranking In E-Business - A Fuzzy Approach-B.K.Mohanty, K.Passl</p> <p>59 - RFID-enabled supply chain applications in a B2B e-commerce environment: A proof of concept - Ygal Bendavid, Samuel Fosso Wamba, Louis A. Lefebvre</p> <p>70 - Optimal Supply Chain Formation Using Agent Negotiation in a SET Model-based Make-To-Order - Hyun Soo Kim, Jae Hyung Cho, Hyung Rim Choi, Soongoo Hong, Moo Hong Kang</p> <p>61 - Building Learner's Ontologies to Assist Personalized Search of Learning Objects -Igor Keleberda, Victoria Repka, Yevgen Biletskiy</p>		

5:15-7:45 Chartered city buses providing transportation between Delta and UNB

5:30-7:30 Reception (University of New Brunswick)

Tuesday, August 15

	Ballrooms A&B	Ballroom C	Ballroom D	Governor's Room
8:00-8:45	Breakfast			
8:45-10:25	Keynote addresses: Dr. Mike Shaw, University of Illinois Dr. Antonio Cordella, London School of Economics			
10:25-10:45				
10:45-12:00		Session 10: E-Procurement (B2B Track) <i>Chair: Kurt Englmeier</i> 133 - Business-To-Business E-Procurement Corporate Initiative - Rebecca Angeles 88 - Reducing barriers for e-business in SME's through an open service oriented infrastructure - Mikkel Hippe Brun, Christian Lannig 77 - A Framework for Benchmarking E-Procurement in the AEC Industry- Yongjie Chen, Jeff H. Rankin	Session 11: E-Retailing (B2C Track) <i>Chair: Alun Preece</i> 14 - Emergence of service-added model in B2C for small-sized companies - Taro Kamioka, Kazuhiko Yahata 64 - An Analysis on Price Matching Policy - Guoming Lai, Katia Sycara, Laurens Debo, Cuihong Li 84 - Website Optimization with Web Metrics: A Case Study - Birgit Weischedel, Eelko K.R.E. Huizingh	Session 12: Law, Taxation and Economics (E-government, Policy and Law Track) <i>Chair: Rene Wagenaar</i> 43 - The Phenix Project: A Case Study of e-Justice in Belgium - Bruno de Vuyst, Alea Fairchild 69 - Globalization of Law and Electronic Commerce, Toward a Consistent International Regulatory Framework - Ali Zeinalabedin Marossi 94 - A Comparison of United States and European Union Taxation of E-Commerce- Burke T. Ward, Janice C. Sipiior, Wayne G. Bremser, David B. McGinty
12:00-1:30	Lunch, Keynote address Dr. Roger Clarke, Xamax Consultancy Pty Ltd, Australia			
1:30-2:50		MeRC Industry – Academia Brokerage Session All conference attendees encouraged to participate		
2:50-3:10				
3:10-4:15		Breakout Group (B2B)	Breakout Group (B2C)	Breakout Group (Policy)
4:15-5:00		Breakout Groups Reconvene		
6:00-10:00	Banquet Brokerage wrapup-Dr. Khaled Hassanein Keynote address Julia McLauchlan			

Wednesday, August 16

	Ballrooms A&B	Ballroom C	Ballroom D	Governor's Room
8:00-8:45	Breakfast			
8:15-9:10	Keynote address Dr. Hai Zhuge, Chinese Academy of Sciences			
9:10-10:25		<p>Session 13: Supply Chain Optimization (Multiagent Systems Track) <i>Chair: Thomas Tran</i></p> <p>78 - Pricing for Customers with Probabilistic Valuations as a Continuous Knapsack Problem - Michael Benisch, James Andrews, Norman Sadeh,</p> <p>79 - CMieux: Adaptive Strategies for Competitive Supply Chains - Michael Benisch, Alberto Sardinha, James Andrews, Norman Sadeh,</p> <p>96 - Learning Inventory Management Strategies for Commodity Supply Chains with Customer Satisfaction - Jeroen van Luin, Eindhoven Han La Poutré, J. Will M. Bertrand</p>	<p>Session 14: Relationships and Interoperation (B2B Track) <i>Chair: Rebecca Angeles</i></p> <p>54 - The Influence of the Buyer-Seller Relationship on e-Commerce Pressures: the Case of the Primary Metal Industry - Harold Boeck, Ygal Bendavid, Louis-A. Lefebvre, Élisabeth Lefebvre</p> <p>55 - Inter-Enterprise Business Document Exchange - Jingzhi Guo</p> <p>Short paper session II: <i>Chair: Sandy Liu</i></p> <p>85 - Evolution of Portals and Stability of Information Ecology on the Web - Seonyoung Shim, Byungtae Lee</p> <p>109 - A Context-Aware Mobile Service Discovery and Selection Mechanism using Artificial Neural Networks - Eyhab Al-Masri, Qusay H. Mahmoud</p> <p>146 - Electronic Signatures: A brief review of the Literature - Aashish Srivastava</p>	<p>Session 15: Learning and Virtual Organisations (Semantic Web Track) <i>Chair: Yevgen Biletskiy</i></p> <p>33 - Organizing Technology Enhanced Learning- Markus Schmees</p> <p>123 - A Semantic Web Approach to Handling Soft Constraints in Virtual Organisations - Alun Preece, Stuart Chalmers, Craig McKenzie, Jeff Z. Pan, Peter Gray</p> <p>Short paper session III: <i>Chair: Yan Wang</i></p> <p>99 - Entrepreneurship in Mobile Application Development - Ankur Tarnacha, Carleen F. Maitland</p> <p>136 - Economics of Online Music and Consumer Behavior - Marc Fetscherin</p> <p>67 - Recommendation Algorithm combining the User-Based Classified Regression and the Item-based Filtering - Yu Chuan, Xu Jieping</p>
10:25-10:45	Coffee Break			
10:45-12:00		<p>Session 16: Policies and Services (Semantic Web Track) <i>Chair: Harold Boley</i></p> <p>86 - A Policy Framework for Trading Configurable Goods and Services in Open Electronic Markets - Steffen Lamparter,, Anupriya Ankolekar, Daniel Oberle, Rudi Studer, Christof Weinhardt</p> <p>91 - A semantic-based fully visual application for matchmaking and query refinement in B2C e-marketplaces- Simona Colucci, Tommaso Di Noia, Eugenio Di Sciascio, Francesco M. Donini, Azzurra Ragone, Raffaele Rizzi</p> <p>112 - Service Level Agreements: An Ontological Approach - Les Green</p>	<p>Session 17: Trust and Threat Models (Privacy, Security and Trust Track) <i>Chair: Steve Marsh</i></p> <p>31 – Distrust - Piotr Cofa</p> <p>101 - An Ontology of Trust -- Formal Semantics and Transitivity - Jingwei Huang, Mark S. Fox</p> <p>130 - Persistent Information Security: Beyond the eCommerce Threat Model - Merv Matson, Mihaela Ulieru</p>	<p>Session 18: Mobile Commerce Environments (Mobile and Pervasive Track) <i>Chair: Marc Fetscherin</i></p> <p>76 - Mobile Services Used in Unstable Environments: Design Requirements based on Three Case Studies - Els van de Kar, Sam Muniafu, Yan Wang</p> <p>102 - A multi-layer approach to the study of inter-organizational wireless infrastructure - Carleen Maitland, Annemijn van Gorp, Ankur Tarnacha, Rudi Westerveld</p> <p>104 - A Payment & Receipt Business Model in U-Commerce Environment - Kyoung Jun Lee, Jeong-In Ju, Jeong Mu Joeng</p>
12:00-1:30	Lunch, Keynote Address Dr. Michael Wellman, University of Michigan			
3:00-4:00	CARLETON CRUISE
